3. **Do State Officials qualify for Drought Relief?**

Answer: It should be a requirement that farmers must declare that they are state employees upon application or receipt of voucher. Only officials that comply with Section 30 of the Public Service Act may qualify. The relevant approval / permission must be presented during application for drought relief or on collection of the drought relief voucher. Please note that this is dependent on the implementation framework from the funders especially where it is silent on this issue. Previous frameworks excluded government officials.

4. **Why is there a validity period for a drought relief voucher?**

Answer: Funds for disaster relief are allocated per month for a maximum of 3 months and the gazette is explicit in that the next tranche is released on completion of the one month's expenditure. There are four weeks in a month and the last two weeks of the month are used for the reconciliation and verification of documentation (voucher, certified copies of ID and invoices from the service providers), report writing for the month, application for the next tranche etc.

5. **How do I check if I am registered as an applicant and what subsidy I qualify for?**
